# Metropolis

The METROPOLIS theme is a L<sup>A</sup>T<sub>E</sub>X Beamer theme with minimal visual noise by MATTHIAS VOGELGESANG.

Install the theme by copying the `metropolis.ts` style file to `$TEXMACS_HOME_PATH/styles`.

You can then select the Metropolis theme in the T<sub>E</sub>X<sub>MACS</sub> toolbar or via Document → Style.

# Features

You can

- use `<\alert>` to create alerts!
- use `<\title-slide>` to create a title slide
- use `<\section-slide>` to create a section slide

A section slide
